natural HCI 

The undiscovered beauty and vibrance of HCI

Hi there! We are a group of Secondary 2 students (2019) and we wish to encourage students to appreciate and learn more about the flora and fauna within HCI and uncover the beauty of nature in this campus.

Cape Leadwort (*Plumbago auriculata*)
Found in ProEd Garden and School Garden

Zebra Dove (*Geopelia striata*)

Bougainvillea 'Torch Glow'
Found near walkway between Blocks A & B, Near
iSpark and ProEd Gardens

What is this about?

We have created a website as well as other resources to document on the amazing flora and fauna in our HCI campus. It holds the different information about the plants and animals as well as showcase the various consortium gardens.
